Counting Crows - Daylight fading

Tom: D
Intro: Guitar 1 plays riff, while guitar 2 plays chords

```
                G                       G

   Em                     C           A2
```

Verse, Guitar 1 tacet:

```
G
Waiting for the moon to come and light me up inside
         Em                          C           A
And I am waiting for the telephone to tell me I'm alive
Well I heard you let somebody get their fingers into you
It's getting cold in California
I guess I'll be leaving soon
```

Chorus:

```
D
Daylight fading
         Em           C
Come and waste another year
        Em           C              G             D
All the anger and the eloquence are bleeding into fear
D                              Em            C
Moonlight creeping around the corners of our lawn
        Em            A2                 C
When we see the early signs that daylight's fading
         D
We leave just before it's gone
```

Repeat intro

Verse: where indicated, gtr. 1 plays the fills below

```
She said "everybody loves you"

But all the things I keep inside myself,

they vanish in the air               (w/ fill 2)
```

```
If you tell me that you'll wait for me
I'll say I won't be here
I want to say goodby to you
Goodbye to all my friends
Goodbye to everyone I know
