Vance Joy - We're Going Home

```
Tom: G

   Em          C       G               D            Em
 Under the surface, You don't know what You'll find
C    G              D
Hmm, until it's Your time
Em          C          G         D      Em
 No second chances but all We can do is try
C    G             D
Hmm, I made up My mind

[Pre-Chorus]

Am
 I can't see You
G               C
 But I hear Your call
 C             D
Baby, hold on now

[Chorus]

             Em    C
We're going home
      G             D                      Em  C
If We make it or We don't, We won't be alone
        G              D                     Em  C
When I see Your light shine, I know I'm home
          G                D                    Em  C
If You're waiting all Your life, You will never go
       G                D                     Em  C
When I see Your light shine, I know I'm home
       G                D                      Em  C
When I see Your light shine, I know I'm home
       G                D
When I see Your light shine

[Verse 2]
Em                C          G        D          Em
 Some things are simple and hard to ignore, They say,
C        G              D
Hmm, the truth is like that
Em              C         G             D        Em
 We're getting colder, so far from the shore, I say,
C        G              D
Hmm, the world is like that

[Pre-Chorus]

Am
 I can't see You
G               C
 But I hear Your call
               | D |
Baby, hold on now

We're going home
      G             D                      Em  C
If We make it or We don't, We won't be alone
        G              D                     Em  C
When I see Your light shine, I know I'm home
          G                D                    Em  C
If You're waiting all Your life, You won't ever go
       G                D                     Em  C
When I see Your light shine, I know I'm home
       G                D                      Em  C

When I see Your light shine

[Bridge]

D                    C
 There's a place that I
      G        D
Wanna run with You
                              C
Darling, there's a place that I

Wanna run with You

We're going home
      G             D                      Em  C
If We make it or We don't, We won't be alone
        G              D                     Em  C
When I see Your light shine, I know I'm home
          G                D                    Em  C
If You're waiting all Your life, You won't ever go
       G                D                     Em  C
When I see Your light shine, I know I'm home
       G                D                      Em  C

I'm home,   I'm home
