Intro: (Guitar 1 only)
                                                                  G Em C
                                                                  MODIFIED CHORUS: (same as normal chorus, but play this instead
                                                                  of strumming the chords)
VERSE I: (both guitars)
                                                                  FINAL CHORUS CHORUS: (same as before, chords in unison)
                                                                  If I could be like that
CHORUS: (chords in unison)
                                                                  I would give anything
                                                                           Em
                                                                                  C

If I could be like that
                                                                  If I could be like that
I would give anything
                                                                                Em Em
                                                                  What would I do, what would I do
        Em
               С
Just to live one day in those shoes
                                                                  If I could be like that
If I could be like that
             Em Em
What would I do, what would I do, yeah
                                                                  I would give anything
BRIDGE: (Guitar I plays what's listed below, Guitar II plays
                                                                  Just to live one day in those shoes
the chords)
