

3 Doors Down - Living In Your Hell

tom:

Intro: E B E B Eb A B

B E
You say this will be alright

B
Just put my faith in you

Eb
Let you have another try

A
And show me all that you can do

B E
But now here we go again

B
Back down a dead-end street

Eb
I'm hoping maybe this time though

A B
The truth and the lies might meet

A B Eb
But I don't think they'll get along

Gb E
If I didn't know that look

Ab
And your eyes so well

A
Then maybe I could play your game

C B
And maybe the lies you tell

E
You say this is for my good

Ab
Well my good could use some help

A
You promised me my heaven

C B
But I'm living in your hell

E
Maybe in another life

B
And maybe I can find you there

Eb
Or maybe we can make this right

A
Or maybe I just wouldn't care

B E
I've taken this long enough

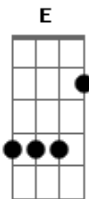

B
And I can't go on this way

Eb
So I guess it's over now

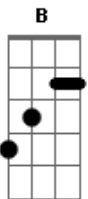

A B
There's only one thing left to say

A B Eb
It's time to be moving on
