

3 Doors Down - Race For The Sun

Tom: C

Intro: Dm C

It's gonna rain some days I know

And things are gonna hurt sometimes that's for sure

But I won't get turned around

'Cause I keep moving on

I think my mind plays tricks on me

'Cause sometimes what I get ain't what I see

I just turn it upside down and I keep moving on

I'm gonna race for the morning sun

I can't wait for the day that's on it's way

I'm gonna race for the morning sun

And it's gonna shine on me

Oh, it's gonna shine

I'm gonna take everything I want

And won't get lost in what I don't

I just hide it all inside and I keep moving on

I'm gonna race for the morning sun

I can't wait for the day that's on it's way

I gonna race for the morning sun

And it's gonna shine on me

Oh, it's gonna shine a light right down on me

And I swear I'll find where I wanna be

And I'll live the day like it's the only one

I'm gonna race for the sun

Shine a light right down on me

And I swear I'll find where I wanna be

And I'll live the day like it's the only one

I'm gonna race for the sun

Shine a light right down on me

And I swear I'll find where I wanna be

And I'll live the day like it's the only one

I'm gonna race...

I'm gonna race for the sun
