

3 Doors Down - The Silence Remains

Tom: F

Intro: Dm Bb

Dm
This world asks for so much
Despite what you give it's just never enough
Bb
Then you're left cold tired and alone
Searching for something that's already gone
Dm
You try not to be afraid
Bound down by all of these things that they say
Bb
And you feel like you're all by yourself
But I'll be right here when there's nothing else
Dm Bb
Lay down
F C Dm Bb
Rest here in peace in my arms now
F C
Knowing you're safe
Dm Bb
From the storms and the rain
F C
And from all of your pain
Dm Bb F C Dm
And I'll be here when only the silence remains
Bb
Only the silence remains
Dm
Your fears they know that you're scared
Wherever you go they seem to meet you there
Bb
And you face them all on your own
Never the weak always the strong
Dm
And you win most of the time
Never once claiming that victory's mine
Bb
And you carry this burden alone

But this candle's burned at both ends for so long
Dm Bb
Lay down
