```
            Am                                                F
No matter how many times that you told me you wanted to leave
            Am                                            F
No matter how many breaths that you took, you still couldn't
breathe
            Am
No matter how many nights that you lie wide awake
           F
To the sound of the poison rain
               Am                              F
Where did you go? Where did you go? Where did you go?
G        E7
As days go by, the night's on fire
```

```
                   F      G     Am
Tell me would you kill to save a life?
                   F      G         Am
Tell me would you kill to prove you're right?
              F     G     Am
Crash, crash, burn, let it all burn
                 F        G     Am
This hurricane's chasing us all underground
```

```
          Am                                     F
No matter how many deaths that I die I will never forget
          Am                                   F
No matter how many lies that I live I will never regret
          Am                                  F
There is a fire inside of this heart in a riot about to
explode into flames
                 Am                                 F
Where is your god? Where is your god? Where is your god?
          Am       F
Oooooooooooooooooooh Oooooooooooooooh
          Am       F
Oooooooooooooooooooh Oooooooooooooooh
```

```
            Am
Do you really want?
              F
Do you really want me?
            Am
Do you really want me dead?
      F
Or alive to torture for my sins?
            Am
Do you really want?
              F
Do you really want me?
            Am
Do you really want me dead?
      F
Or alive to live the lie?
```

```
                   F      G     Am
Tell me would you kill to save a life?
                   F      G         Am
Tell me would you kill to prove you're right?
              F     G     Am
Crash, crash, burn, let it all burn
                 F        G     Am
This hurricane's chasing us all underground
```

The love we had, the love we had
       F              G   E
We had to let it go       (Never giving in again, never giving
in again)
```

```

Tell me would you kill to prove you're right?
              F     G     Am
Crash, crash, burn, let it all burn
                 F        G     Am
This hurricane's chasing us all underground
```

```
F         G           Am
Ohhhhhhhhh Wohhhhhhhhhhhh Wohhhhhhhhh  (This hurricane)
F         G           Am

Do you really want me?
                 Am
Do you really want me dead?
       F
Or alive to torture for my sins?
                 Am
Do you really want?
                 F
Do you really want me?
                 Am
Do you really want me dead?
