

33 Miles - No Greater Love

```
Intro: B
          Gb Abm
     В
On a hill There was a cross
          Abm
And all was lost In need of a savior
        B Gb
There you were Arms stretched wide
Abm E
Crucified No love could be greater
      Dbm
Than when you laid down your life
Who am I that you would come and die
I don't understand
$\operatorname{\mbox{Gb}}$ Why the God of all the universe
Would become a man
    Abm
To redeem the mess that I have made
And take away the shame of what I've done
There is no, no greater love
```

```
Every sin that held me down
        Abm
Is lifted now Because of your mercy
       В
Here I stand Forgiven and free
    Abm
Grace covers me Though I'm so unworthy
But you laid down your life
Who am I that you would come and die
I don't understand
Why the God of all the universe
Would become a man
    Abm
To redeem the mess that I have made
And take away the shame of what I've done
       Gb
There is no, no greater love
What love that you would give
Your life that I might live
