

37 Days - Empty Space

tom:
Eb
Eb **Gb**
A drop of life for every two days
Eb **Gb** **Ab**
A flood of tears to keep me awake
Eb **Gb**
The air feels heavy, the heart feels hollow
Eb **Gb** **Abadd9**
No one left to follow
Eb **Gb**
I whisper a word, a fleeting flame
Eb **Gb**
A spark of hope in a world full of shame
Eb **Gb**
What's left behind?
Eb **Gb**
(What's left is pain!) An empty void
Eb **Gb**
A fragile love (a frozen love!), a life destroyed
Eb **Gb**
What still remains? (Nothing remains!) no soft embrace
Eb **Gb**
Just silence hanging in this empty space
Eb **Gb**
This empty space!

Acordes

Eb **Gb**
The drought outside, it's right within
Eb **Gb**
An insane world, where hope grows thin
Eb **Gb**
Broken ties, like sand they slip
Eb **Gb**
Searching for a meaning, but losing grip
Eb **Gb**
Broken love, tied hands, they get sick
Eb **Gb**
Keeping an eye out for losing grip
Eb **Gb**
I scream in pain, I scream your name
Eb **Gb**
A kind of anger, more of the same
Eb **Gb**
What's left behind?
Eb **Gb**
(What's left is pain!) An empty void
Eb **Gb**
A fragile love (a frozen love!), a life destroyed
Eb **Gb**
What still remains? (Nothing remains!) no soft embrace
Just silence echoing, this empty space
This empty space!
