^C ^G ^{Am}
Most of my life, I sat on my
^F
Hands, I don't make a sound
^C ^G ^{Am}
Getting it right, I made all my
^F
Plans, lost, never found
^C ^G
Your eyes, your smile can light
^{Am} ^F
Up the night, night
^C ^G
Embers and neon signs paint up
^{Am} ^F
Our sky, sky

^C ^G
Airplanes cut through the clouds
^{Am}
Like angels can fly
^F
We'll never die
^C ^G
Sirens cut through the night
^{Am}
Like screams set on fire
^F
Rising up high
^C
I've got something to prove
^G
Nothing to lose
^{Am} ^F
In this city, in this city

^C ^G ^{Am}
All of this time, I questioned
^F
Myself, I never could wait
^C ^G ^{Am}
Looking for signs, not asking
^F
For help, I know it's too late
^C ^G ^{Am}
A love lost and buried here, it
^F

Comes to life, life

Make believe worlds make us all

Feel alive, live
