

5 Seconds Of Summer - Amnesia

tom:
D

Intro: D

[Primeira Parte]

D
I drove by all the places we used to hang out getting wasted
D
I thought about our last kiss, how it felt the way you tasted
Em7
And even though your friends tell me you're doing fine
D
Are you somewhere feeling lonely even though he's right beside
you?
D
When he says those words that hurt you, do you read the ones I
wrote you?

[Pré-Refrão]

Em7
Sometimes I start to wonder, was it just a lie?
Em7
If what we had was real, how could you be fine?
D
Cause I'm not fine at all

[Refrão]

D
I remember the day you told me you were leaving
Bm G
I remember the make-up running down your face
D D
And the dreams you left behind you didn't need them
Bm G
Like every single wish we ever made

D
I wish that I could wake up with amnesia
Bm G
And forget about the stupid little things
D D
Like the way it felt to fall asleep next to you
Bm G
And the memories I never can escape

Cause I'm not fine at all

(D)

[Segunda Parte]

D
The pictures that you sent me they're still living in my phone
D
I admit I like to see them, I admit I feel alone
Em7
And all my friends keep asking why I'm not around
D
It hurts to know you're happy, yeah, it hurts that you've
moved on
D
It's hard to hear your name when I haven't seen you in so long
