

5 Seconds Of Summer - Better Man

Tom: A

m Am C G F
Find me at a quarter to three, cigarette in hand
Am C G F
I'd be at every party, I wouldn't miss a chance
Am C G F
New friends again and again, gone when the morning comes
Am C G F
Demons I try to defend, but I couldn't get enough

Am C
Fading away, fading away
G F
Wake up to someone with nothing to say
Am C
I'd never change, thought I'd never change
Then you come and change it all

Am C G F
With your love, your love, I'm a better, better man
Am C G F
With your love, your love, I'm a better, better man
Am C
Darling, all of my wrongs, they lead me right to you
G F
Wrapped in your arms, I swear I'd die for
Am C G F
Your love, your love, I'm a better, better man
(Am C G F)

Am C
Thought I'd found the highest of highs
G F
You came and topped them all
Am C
You shine in the dead of the night
G F
And I was the first to fall

Am C
Fading away, fading away
G F
Wake up to someone with nothing to say
C Em
I'd never change, thought I'd never change
G Am
Then you come and change it all
