

5 Seconds Of Summer - Girls Talk Boys

Tom: **G**

Em
When the girls, when the girls talk
Em
When the girls talk boys
Am
Oh, when the girls, when the girls talk
Am
When the girls talk boys, hey

G Gb F B

Em
When you're talking to your girls

Em
Do you talk about me?

Em
Do you say that I'm a sweetheart?

Em
Do you say that I'm a freak?

Am
Do you tell them white lies?

Am
Do you tell 'em the truth?

Am
Do you tell 'em that you love me

Am
The way I been lovin' you?

Em
Cause every night you and I find ourselves
Em
Kissing and touching like no one else
Am
Falling and falling until I fell
Am
For you

G D C
Cause I been talking to my friends
G D C
The way you take away my breath
G D C
It's something bigger than myself
G D
It's something I don't understand
C
No, no
G D C
I know we're young and people change
G D C
And we may never feel the same
G D C
So baby tell me what you say

G Gb F B

Repete-se a mesma sequência de notas, até ao final da canção

Tenha cuidado com o tempo de cada nota

Repeats the same sequence of notes by the end of the song

Be careful with the time of each note
