

5 Seconds Of Summer - Jet Black Heart

Tom: D

Intro: Bm Gbm G A

Everybody's got their demons
Gbm G
even wide awake or dreaming
A Bm Gbm G
I'm the one who ends up leaving, make it ok

See a war I wanna fight it
Gbm G
See a match I wanna strike it
A Bm Gbm G
Every fire I've ignited faded to grey

But now that I'm broken
Gbm G

And now that you know it

Caught up in a moment
Gbm G

Can you see inside?

cuz I've got a jet black heart

And there's a hurricane underneath it

Trying to keep us apart

I write with a poison pen

But these chemicals moving between us

Are the reason to start again

Bm Gbm G

Now im holding on for dear life
Gbm G

There's no way that we could rewind

Maybe there's nothing after midnight
Gbm G

That could make you stay

But now that I'm broken
Gbm G

And now that you know it

Caught up in a moment
Gbm G

Can you see inside?

cuz I've got a jet black heart

And there's a hurricane underneath it

Trying to keep us apart

I write with a poison pen

But these chemicals moving between us

Are the reason to start again

D

(woah, woah)

the blood in my veins is made up of mistakes
Dbm

lets forget who we are and dive into the dark
Bm G D Dbm

as we burst into color we turn into life

cuz I've got a jet black heart

And there's a hurricane underneath it

Trying to keep us apart

I write with a poison pen

But these chemicals moving between us

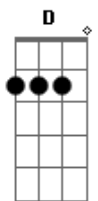

Are the reason to start again

(the blood in my veins is made up of mistakes)

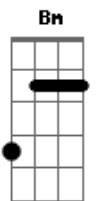

lets forget who we are and dive in?)
