**G**

**F** **G**  
Wildflower, fingertips on me  
**A7** **Em7**  
I can feel them still  
**F** **G**  
Stained hearts trying to find a home  
**A7** **Em7**  
Looking for something real

**F**  
I said meet me downtown at the dive bar  
**G**  
You're the only one that makes me feel alive  
**A7**  
I can't keep drowning in the shadows  
**Em7**  
Here I am lay it all on the line  
**F**  
Meet me downtown at the dive bar  
**G**  
You're the only one that makes me feel alive  
**A7**  
I can't keep drowning in the shadows  
**Em7**  
You're the only one that matters

**F** **G**  
I don't wanna kill my time with somebody else  
**A7**  
Dancing in the dark till the sun comes  
**Em7**  
Tangled in the sheets till the day's done  
**F** **G**  
I don't wanna kill my time with somebody else  
**A7**  
In a city full of lonely people i just  
**Em7**  
Want you all for myself

**F**  
He's only got half of your heart  
**G**  
'Cause I've got the other part  
**A7**  
Why don't you say goodbye now?

**F**  
Take you on a desert drive  
**G**  
We can leave it all tonight  
**A7**

Why don't you say goodbye now?
