

5 Seconds Of Summer - NOT OK

tom:
Fm (forma dos acordes no tom de **Em**)
 Capotraste na 1ª casa

[Primeira Parte]

Em
 Inside every one of us is a shadow side

I call it my better side

I call it the call-me-up-if-you-wanna-feel-better side **Em**

I'll put on my suit and tie to emphasize

You and I together, double homicide **Am G Em**

Let's ride

[Segunda Parte]

Em
 Alright, are you my little genie or a parasite?

Girl, you keep the dream alive

Why you got me staying crazy hours after closing time? **Em**

Lucifer in every line, every night **Am Em**

You and I together, we should take a bite

Let's ride

[Pré-Refrão]

Em
 I wanna dip my toe into the fire

Where did the good boy go? Killed by desire **Am G**

On the edge **Gbm B**

You make me wanna jump, jump, jump, jump, jump, jump, jump

[Refrão]

Em
 Hey, I'm not okay

I like the darker side of me, that part of me **Am G**

Comes out to play when I'm with you, you **Em**

(Bite, bite, bite) Bite the apple, baby **Em**

Hey, I'm not okay

It's like a hammer to the brain, all my insane **Am G**

Comes out to play when I'm with you, you **Em**

(Bite, bite, bite) Bite the apple, baby

[Terceira Parte]

Em
 Oh my god, I feel invincible

And when the sun comes up, I feel despicable

And when my heart slows down, will you pick me up? **Am**

But we can pause for now, I think I said enough, uh
