

## 5 Seconds Of Summer - Old Me

tom:  
C

Shout out to the old me Am  
And everything he showed me Em  
Glad you didn't listen when the world was trying to slow me C  
No one could control me Am  
Left my lovers lonely Em  
Had to fuck it up before I really got to know me C

Never a night alone Am  
Anywhere you wanna go Em  
Woke up in the morning wearing someone else's clothes C  
Pictures in my phone Am  
With people I don't know Em  
Woke up in the morning how the hell'd I make it home C  
And they wondered how long I could keep it up Am  
While I wondered if I'd ever, if I'd ever get enough C  
And I did some shit I never should have done Am  
I would do it over now, I'd do it over Em

Shout out to the old me Am  
And everything he showed me Em  
Glad you didn't listen when the world was trying to slow me C  
No one could control me Am  
Left my lovers lonely Em  
Had to fuck it up before I really got to know me, ey-ey C  
All of the mistakes I made, I made, I made, I made Am  
Whatever the price I paid, I paid, I paid, I paid Em  
Shout out to the old me Am  
And everything he showed me Em  
Had to fuck it up before I let you get to know me C

Another round here we go Am  
Going in blow for blow Em  
Look into the mirror take the punches that I throw C

I'm constantly reminded of all the compromises by the people Am  
from my Em  
past who have a hard time letting go C  
And they wondered how long I could keep it up Am  
While I wondered if I'd ever, if I'd ever get enough Em  
And I did some shit I never should have done C  
I would do it over now, I'd do it over, ey-ey Am  
Shout out to the old me Em  
And everything he showed me C  
Glad you didn't listen when the world was trying to slow me Am  
No one could control me Em  
Left my lovers lonely C  
Had to fuck it up before I really got to know me, ey-ey Am  
All of the mistakes I made, I made, I made, I made Em  
Whatever the price I paid, I paid, I paid, I paid C  
Shout out to the old me Am  
And everything he showed me Em  
Had to fuck it up before I let you get to know me, ey-ey C

Am  
Devil at my door Em  
Got me knockin? knockin? knockin? on the other side C  
Ashes on the floor Am  
But I'm walkin? walkin? walkin? outta here alive Em

Shout out to the old me Am  
And everything he showed me Em  
Glad you didn't listen when the world was trying to slow me C  
No one could control me Am  
Left my lovers lonely Em  
Had to fuck it up before I really got to know me, ey-ey C  
All of the mistakes I made, I made, I made, I made Am  
Whatever the price I paid, I paid, I paid, I paid Em  
Shout out to the old me Am  
And everything he showed me Em
