[Refrão]

**Bm** **A** **E**  
Red, red desert, heal our blues  
**Bm** **A** **E**  
I'd dive deeper for you  
**Bm** **A** **E**  
What a blessing to feel your love  
**Bm** **A** **E**  
Twilight moments with you

[Primeira Parte]

**Bm** **A** **E**  
I've been asleep so long, I'm so far away  
**Bm** **A** **E**  
Visions I see are strong, I hear what they say  
**Bm** **A**  
Won't you leave all your fears at the edge of the world?  
**E**  
I'll tell you again like I told you before  
**Bm** **A** **E**  
I've been asleep so long, wasting away

[Pré-Refrão]

**G**  
Tell me, would you pack up all your bags  
Stay true to North?  
**Em**  
You're the only one I'd do this for  
[Refrão]

**Bm** **A** **E**  
Red, red desert, heal our blues  
**Bm** **A** **E**  
I'd dive deeper for you  
**Bm** **A** **E**  
What a blessing to feel your love  
**Bm** **A** **E**  
Twilight moments with you

[Segunda Parte]

**Bm** **A**  
It doesn't take too long  
**E**  
Ah to heal and replace  
**Bm** **A**  
The demons we're running from  
**E**  
They're begging to stay

[Pré-Refrão]

Tell me, would you pack up all your bags  
Stay true to North?

You're the only one I'd do this for
