

# 5 Seconds Of Summer - Story Of Another Us

Tom: **D**

Verse 1: (Calum)

**D**  
 Play the scene over again,  
**D**  
 Before the credits rolling in  
**G** **D**  
 Inside my head  
**D**  
 I don't recall a single word,  
**D**  
 They hit me faster than I heard  
**G** **D**  
 Inside my head

Pre-Chorus: (Luke)

**A**  
 And now I'm shaking, wearing thin  
**Bm**  
 I've always wondered where you've been  
**G**  
 Tell me if you wanted it at all

Chorus: (All)

**D**  
 I got a long term plan with short term fixes  
**G**  
 And a wasted heart that just eclipses  
**Bm** **G**  
 And I push my luck from trust to dust enough  
**A**  
 That's the story of another us  
**D**  
 One last ditch a new beginning  
**G**  
 So take this heart, put yourself in it  
**Bm** **G**  
 This surprise ending I'm depending on  
**A**  
 Could be the story of another us  
**D**  
 The story of another us  
**G**  
 The story of another us  
**Bm**  
 The story of another us  
**G** **A**  
 Could be the story of another us

Verse 2: (Luke)

**D**  
 Memories are pay-per-view,  
**D**  
 It costs too much to think of you  
**G**  
 I'm hanging by a thread  
**D**  
 An epilogue before we're done,  
**D**  
 A sequel to what we've begun  
**G**  
 I'm hanging by a thread

Pre-Chorus: (Luke)

**A**  
 And now before our hope is lost  
**Bm**

My heart is here it's such a cause

**G**  
 Tell me if you wanted it at all

Chorus: (All)

**D**  
 I got a long term plan with short term fixes  
**G**  
 And a wasted heart that just eclipses  
**Bm** **G**  
 And I push my luck from trust to dust enough  
**A**  
 That's the story of another us  
**D**  
 One last ditch a new beginning  
**G**  
 So take this heart, put yourself in it  
**Bm** **G**  
 This surprise ending I'm depending on  
**A**  
 Could be the story of another us  
**D**  
 The story of another us  
**G**  
 The story of another us  
**Bm**  
 The story of another us  
**G** **A**  
 Could be the story of another us

Bridge: (Michael & Calum)

**G**  
 Drowning, beside you  
**A**  
 Where I'll be to remind you  
**G**  
 We're still first in line for  
**A** **G**  
 The front row of last resorts  
**D**  
 One last ditch a new beginning  
**G**  
 So take this heart put yourself in it  
**Bm** **G**  
 This surprise ending I'm depending on

Chorus: (All)

**D**  
 I got a long term plan with short term fixes  
**G**  
 And a wasted heart that just eclipses  
**Bm** **G**  
 And I push my luck from trust to dust enough  
**A**  
 That's the story of another us  
**D**  
 One last ditch and new beginnings  
**G**  
 So take this heart, put yourself in it  
**Bm** **G**  
 This surprise ending I'm depending on  
**A**  
 Could be the story of another us  
**D**  
 The story of another us  
**G**  
 The story of another us  
**Bm**  
 The story of another us  
**G** **A**  
 Could be the story of another us
