

5 Seconds Of Summer - Story Of Another Us

Tom: **D**

Verse 1: (Calum)

D
Play the scene over again,
D
Before the credits rolling in
G **D**
Inside my head
D
I don't recall a single word,
D
They hit me faster than I heard
G **D**
Inside my head

Pre-Chorus: (Luke)

A
And now I'm shaking, wearing thin
Bm
I've always wondered where you've been
G
Tell me if you wanted it at all

Chorus: (All)

D
I got a long term plan with short term fixes
G
And a wasted heart that just eclipses
Bm **G**
And I push my luck from trust to dust enough
A
That's the story of another us
D
One last ditch a new beginning
G
So take this heart, put yourself in it
Bm **G**
This surprise ending I'm depending on
A
Could be the story of another us
D
The story of another us
G
The story of another us
Bm
The story of another us
G **A**
Could be the story of another us

Verse 2: (Luke)

D
Memories are pay-per-view,
D
It costs too much to think of you
G
I'm hanging by a thread
D
An epilogue before we're done,
D
A sequel to what we've begun
G
I'm hanging by a thread

Pre-Chorus: (Luke)

A
And now before our hope is lost
Bm

My heart is here it's such a cause

G
Tell me if you wanted it at all

Chorus: (All)

D
I got a long term plan with short term fixes
G
And a wasted heart that just eclipses
Bm **G**
And I push my luck from trust to dust enough
A
That's the story of another us
D
One last ditch a new beginning
G
So take this heart, put yourself in it
Bm **G**
This surprise ending I'm depending on
A
Could be the story of another us
D
The story of another us
G
The story of another us
Bm
The story of another us
G **A**
Could be the story of another us

Bridge: (Michael & Calum)

G
Drowning, beside you
A
Where I'll be to remind you
G
We're still first in line for
A **G**
The front row of last resorts
D
One last ditch a new beginning
G
So take this heart put yourself in it
Bm **G**
This surprise ending I'm depending on

Chorus: (All)

D
I got a long term plan with short term fixes
G
And a wasted heart that just eclipses
Bm **G**
And I push my luck from trust to dust enough
A
That's the story of another us
D
One last ditch and new beginnings
G
So take this heart, put yourself in it
Bm **G**
This surprise ending I'm depending on
A
Could be the story of another us
D
The story of another us
G
The story of another us
Bm
The story of another us
G **A**
Could be the story of another us
