

A-Ha - A Little Bit

Tom: C

(intro) Am G

And it will take a little bit of extra time

To make it shine, to make it shine

And it will take a little bit of extra care

To bring it where you think it's there

And there's no one else around

This is what I've found

Anyone you see

Anyone you meet

Someone at your feet

Anyone could be that one

Anyone you know

Anywhere you go

Someone in a show

Could be that one

(Am G)

And it will take a little less of it all you've got

To get a shot, to get a shot

And it will take a little bit of extra care

To bring it where you think it's there

And there's nowhere else to go

This is what I know

Anyone you see

Anyone you meet

Maybe down the street

Anyone could be that one

Everywhere you look

Pages of a book

Someone at your feet

All the years it took

Everything got you down

And it will take a little while to get back home

The road is long, the road is long

And it will take a little work to get it back

To mend the cracks, to bridge the gaps

Anyone you see

Could be the one

Anyone you meet

Could be that one

Someone at your feet

Could feel the same

Maybe you'd complete

Could share your name

Anywhere you look

Pages of a book

Everything she took

Never let it keep you down

Holding out for used

Broken up and bruised

Losable to lose

Ooooooh...

(Bm A Em A)

Anywhere you go

Anyone you know

Think it doesn't show

Everybody knows

Anyone you meet

(And it will take a little time..)

Maybe down the street

(...to get back home...)

Someone at your feet

Acordes
