

A-Ha - Digital River

tom:

Intro: E Gbm7 Dbm A E Gbm7 Dbm A

You give a word
I send a word
Now we are friends
I do my bit
I re-submit
Time and again

Down a digital river we will flow
Climb a virtual mountain, don't you know
Enter mythical places clicks away
What a wonderful way to spend a day

You send a line
I send you mine
Auto spell
Back we go
To and fro

Brain carousel

On a digital river we will drift
In an alien world that don't exist
A nonsensical quest, is what I mean
Burning your eyes out on that screen

And as we drift so far downstream
Nowhere is the place we've been

Down the digital river we will go
Climb the virtual mountain I don't you know
Th're?s mythical places if you insist
Filling all of the blanks your life has missed

Down the digital river
Down the digital river
Down the digital river
Down the digital river
Down the digital river
