A
Woooo
Dot the i
Stretch your lips and smile
Let the world run by
Be the fool
Tomorrow morning's here
And I'm all nonsense dear
I see, I know, I hear you say
Come near, come close, to me
Love happened to happen to me
Dot the i
Trust your kite to fly
I could lend you mine
Spot the gag
Tick it, tock it, light a fag
Pass it on to me

I see, I know, I hear you say
Come near, come close, to me
Love happened to happen you see
I see, I know, I hear you say
Come near, come close to me
Love happened to happen to me
Woooo eh
I see, I know, I hear you say
Come near, come close to me
Love happened to happen you see
I see, I know, I hear you say
Come near, come close to me
Love happened to happen to me
Aaaaaa
Dot the i
Count to three and sigh
I need you to dot the i
