

# A-Ha - Hunter In The Hills

tom:  
Intro: F Am7 G

[Primeira Parte]

There's a hunter in the hills  
I heard a shot rang out  
There's a hunter in the hills  
Of that there is no doubt

[Pré-Refrão]

Clouds sweep through the treetops  
At dawn  
Dissolving into nothing  
The battle lines are drawn

[Refrão]

Hunter in the hills  
Hunter in the hills  
He's looking for a kill

[Segunda Parte]

When I walked out that morning  
The grass was wet from dew

Found a package in the mailbox  
"Saw this book and thought of you..."

[Pré-Refrão]

You never see it coming  
You never see it fade  
Aging into nothing  
Withered and betrayed

[Refrão]

Hunter in the hills  
Hunter in the hills  
He's looking for a kill
