Dm C Dm Am Em7 C Dm C Dm Am Em7 C
 Hurry home, freight train running
 I've been gone too long honey
 Why did I waste away the only good thing left to save me?
 Hurry home, freight train running
 She's alone, got no money
 (She's alone, she got no money, I'm coming home, I've done my runnin')
 I'm coming home, no more running
 Why now should I deny the only true thing left inside me?
 I'm coming home, no more running
 I'm doing right, oh, for once in my life now
 I'm doing right for once in my life now
 No more running (he's doing right)
 No more running, I'm doing right
 Doing right, no more running
 I'm doing right, no more running (he's doing right)
 Oh, no, no more running
 Rolling countries, fields unfolding, I swear the winds are calling
 Rolling countries, fields unfolding, I swear the winds are calling
 So I hurry home, no more running
 She's all alone, got no money
 (She's alone, she got no money, Going home, I've done my runnin')
 I'm doing right, doing right, yeah, for once in my life now
 No more running (he's doing right)
 No more running, I'm doing right
 Doing right, no more running
 (He's doing right), no more running any more
 (He's doing right), no more running, no more running
 (He's doing right), going home now
 (He's doing right), going home, no more running
 (He's doing right), I've been away then
 (He's doing right), doing right, doing right
 (He's doing right), I've gotta go back home, yeah
 (He's doing right), you've gotta be my darling
 (He's doing right), no more running
 (He's doing right), yeah, yeah, for once in my life, in my mind
 I'm doing right, yeah, oh, yeah
 I'm doing right, doing right.
