

# A-Ha - Oranges On Apple Trees

Tom: C

Oranges on apple trees  
 Birds that mate with bumblebees  
 Oranges on apple trees  
 Water comes and water goes  
 Where it ends up no one really knows  
 Water rises, water falls  
 Where it comes from no one knows for sure  
 It seeps from every pore  
 We have seen the rain before  
 Not like this - It's flooding every shore  
 People come and people go  
 I can hear their laughter through the door  
 But no one's keeping score  
 Oranges on apple trees  
 Birds that mate with bumblebees  
 One big happy family  
 Endless possibilities  
 Oranges and apple trees  
 (Yeah and more)  
 I see your face in front of me  
 Can't believe what no one else could see

I feel it deep inside of me  
 Everything we love shall be released  
 And everyone will see  
 Oranges on apple trees (for sure)  
 I used to be the only one  
 Not now since you've come  
 You and I have seen the signs  
 That's why the wind died  
 The wind died  
 That's why  
 Oranges on apple trees  
 Birds that mate with bumblebees  
 Endless possibilities (now)  
 Oranges on apple trees  
 All the things that we can see  
 Multi-gender wannabes  
 Oranges on apple trees  
 Birds that mate with bumblebees  
 One big happy family  
 Endless possibilities (yeah yeah yeah)  
 Oranges on apple trees (for sure)
