

# A-Ha - Rolling Thunder

Tom: B

Intro: E B Dbm E

It's the waves below us  
And our fate before us  
Like a rolling thunder  
Rolling out from under  
Dont ever leave this way  
I know it's getting harder by the day  
If your world should crumble yeah  
And the rain gets in, running through your skin  
Sucking you outside in

The rain see it falling  
And I dont know how long it will be  
Until the storm is over  
I'll wait, I will

Like the years of silence  
To the growing violence  
Like a rolling thunder  
Rolling out from under  
Dont ever leave me this way  
Wait a little longer, yeah stay  
Through the night I tumble here

When the rain comes in I will shed my skin  
Losing it from within

See the rain it's falling  
But I, I wont be leaving your side until  
The storm is over  
Cause I'll wait, I will

So many lifetimes  
She's been waiting for it  
All through the good times  
When you try to go it  
Hesitate, it's come too late  
Hear the sound of the wheels again  
When the rain comes in I will shed my skin  
Losing it from within

The rain keeps falling  
But I, I wont be leaving your side until  
The storm is over  
So I'll wait, cause I will  
Ooh, and I dont know how long it will be until  
The storm is over  
But I'll wait, cause I will
