

A-Ha - Sunny Mistery

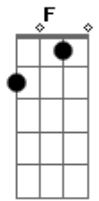

Tom: F

Intro: Dm F G7 Dm Dm

You can run through every forest
 You can sail in the seven seas
 You can climb the highest mountain
 To try and dissolve these memories
 In case you never knew it
 You can't undo it
 You can jump off the edge of the world
 Hide out in some monestary
 Lose your mind in meditation
 And never put your mind at ease
 You think you're running to it
 But you are wading through it
 A sunny mystery
 You think you're running to it

But you are wading through it
 A sunny mystery
 A sunny mystery
 Life is the dream that you wake up to
 Dreams are the life from which you wake
 Everybody makes the extra effort
 Never knowing what to do
 But you know the answer
 Yeah, you know the score
 It feels just like before
 It's a sunny mystery
 That's how it's got to be
 Because no one knows for sure
 The outcome of this
 Sunny mystery
