Intro: (A Abm)

Even as the snow is falling
Dark December nights are calling
Memories of early warning signs
Like a whisper in the mind
Am Ebm Db Dbm A
I put my brave face on
Am Ebm Db Dbm A E
Robbed of the love I owned uhh uhh

It's the end of the affair

We are not who we once were

Hard to be open when all facts are in
Gbm Db7 B B7 Abm Ab7 E A E
Hard to write endings before we begiinn uhh

It's the end of the affair
Uhh uhh
And it seems we no longer care

Absence makes the heart grow fonder
Well I was fond but now I'm harder
So here we are in somber silence
With no one else but us to blame

Hard to be honest when others pretend
Hard to begin when we already know the end uhh uhh

It's the end of the affair yeah uhh uhh

And it seems we no longer care
