

A-Ha - Under The Make - Up

Tom: A

Gbm **A** **D** **G**
This is how it ends, each on our own
Gbm **A** **D** **G** **B**
Unless we pretend meanwhile our hearts turn to stone
Db
Shaped by wind

D **B** **E** **Db**
oohh that slowly molded over time here within

Gbm **D** **A**
I, I wanna see you under the make up
Db **Gbm**
Let all the worry vanish away
D **A**
I wanna hold you like it's the first time
Db

Like you are still mine

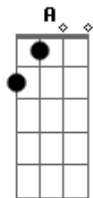

Gbm **A** **D** **G** **Gbm**
If you wanted out didn't I let you go?
A **D** **G** **B**
If you wanted in didn't I make it so?
Db **D** **E** **Db**
It could be, tenderness escaped so easily

I, I wanna see you under the make up
Let all the worry vanish away
I wanna hold you like it's the first time
Like you are still mine

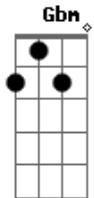

I, I wanna see you under the make up
Let all the worry vanish away
I wanna hold you like it's the first time
Like you are still mine

I, I wanna see you under the make up
