

A-Ha - You Want More

Tom: Gb

You know the way , you've been before
 I've seen the sights outside your door
 You've set the rules
 Their bitter taste can't be ignored
 It just the same , just like before
 You wanted more
 I loved the sun , I loved the rain
 I gave it up, but all in the vain
 I loved the way it was before
 So bittersweet to be adored
 We had it all, you let it go
 You wanted more
 But in the end , what is a friend
 If not someone to help pretend
 Remember me
 you know my name , I'm still the same
 But not for you, that's not enough
 You wanted more
 I loved the sun , I loved the rain

I gave it up, but all in the vain
 we couldn't change, you know the score
 So bittersweet to be adored
 We had it all, you give it up
 You wanted more
 We had it all, you give it up

 Just say it :
 But in the end, what is a friend!
 Just say it :
 You loved the way it used to be
 The way it was with you and me
 It came too late and left too soon
 Just like the rings around the moon
 We had it all, you let it go
 You wanted more
 We had it all, you give it up
 You wanted more
