

A-Ha - You'll Never Get Over Me

```
Intro: Abm Dbm6 Gb Gb7 Abm Dbm6 Gb Abm Dbm Dbm6 Gb7 Abm
                                                      You will never get over me
                                                         Gb7
                 R
                                                      I'll never got under you
You.... say you want some fun
                                                       Ebm
                                                                        Dbm
 Dbm
                                                      Whenever our voices speak
You're not the only one
                                                                       Gb6
                                                                             Abm Dbm
                                                        E
Gb6 Dbm B
                                                      It's never our minds that meet
Not the only one
Abm Dbm B Gb
                                                       E
                                                                      Dbm
                                                      You'll never get over me
And you say you wanna run
                                                        Gb7 Gb6 B
 Dbm
                                                      I'll never got under you
You're not the only one
                                                       Ebm Dbm
                                                      Whenever our voices speak
Gb6 Dbm B Gb
Not the only one
Abm E Dbm
                                                       E Gb6
                                                                              Abm Dbm Gb7
                                                      It's never our minds that meet
You will never get over me
                                                           Abm
                                                      You'll never get over me
I'll never got under you
                                                                            Db6 Dbm Dbm6 Gb7 B Gb7
                                                           Abm
                Dbm
                                                      You'll never get over me
Whenever our voices speak
                                                          Abm
                                                                                Db6 Dbm Dbm6 Gb7 Abm
                                                      You'll never get over me
       Gb
                                                      Abm E Dbm
It's never our minds that meet
