tom:

Intro:

[Primeira Parte]

Yeah, you can call me loverboy  
They say I throw my heart around  
Yeah, you can be?my?lovergirl  
I'll pick you?up, drive you around  
I'll show you?how to fall in love  
We'll be the talk of all the town  
Now everybody wants to be like us  
They're getting jealous, getting now  
Oh wow

[Refrão]

Kill the lights  
Oh baby close your eyes  
The way you're lookin' at me  
You got me mesmerized  
Something I can't escape  
Feel like I'm lost in space  
You got that good loving  
Girl if you leave me I might throw my heart away  
You know my heart can't take the break  
Nothing will ever be the same  
We'll meet again some other day  
Oh yeah

[Segunda Parte]

It's such a shame  
Somehow the love came to an end  
You started talking to a tool  
You're telling lies to all your friends  
You know damn well it should be me  
But I'm moving on, doing my best  
Now everybody whispers things 'bout us  
You're hearing voices in your head  
Can't forget
