

Aaron Lewis - Country Boy

Tom: C

Now I grew up down an old dirt road
 In a town you wouldn't know
 My pop picked a place up for fifteen hundred bucks
 Back in 1964

My grandfather was a drinker
 Back in the day he put 'em down
 But a war is known to change a man
 And the whiskeys known to change a man but

That's not me
 I rarely drink from the bottle but I'll smoke a little weed
 I still live in the sticks where you wouldn't go
 In a town of twelve hundred off an old dirt road
 And a country boy is all I'll ever be

Now it's been twelve years since I sold my soul
 To the devil in L.A.
 He said sign your name here on the dotted line
 And your songs they all will play

He set up shop on Sunset
 He put me up at the Marquis
 He said you want to sell a million records boy
 You better listen to me

He said change your style, whiten your smile
 you could lose a couple pounds
 And if you want to live this life
 You better lose that wife

Do ya need your friends around?
 I said.. No that's not me
 Cause the biggest things in life are your friends and family
 And I like my jeans and my old t-shirts
 and couple extra pounds never really hurt
 And a country boy is all I'll ever be

Cause Hank taught me just how to stay alive
 You'll never catch me out the house without my .9 or .45
 I got a big orange tracker and a diesel truck
 My idea of heaven is chasing white tail bucks
 And as a country boy I know I can survive

Now two flags fly above my land
 That really sum up how I feel
 One is the colors that fly high and proud
 The red, the white, the blue

The other ones got a rattlesnake
 with a simple statement made
 "Don't Tread On Me" is what it says
 and I'll take that to my grave

Because.... this is me
 I'm proud to be American and strong in my beliefs
 And I've said it before but I'll say it again
 Cause I never needed a government to hold my hand
 And I've said it before but I'll say it again
 Cause my family's always fought and died to save this land
 And a country boy is all I'll ever be
