

Abbey Glover - Alone

tom:

G

[Primeira Parte]

G
I?ve been waiting for hours now
Em
You said you?d be here by seven
C
I?ve been drinking to make the time fly by
G
Now it?s quarter past eleven
C **G**
I thought you wanted to see me
Em
I did my makeup real nice
C
I felt real real pretty
G
Now I?m sitting here all by myself

[Refrão]

D
Ten thousand calls later, still no reply
Em
I?ll convince myself you got lost somewhere
C
And you?ll soon arrive

You?ll soon arrive
D
When I know deep down you?re never gonna come
Em
And everyone?s staring at me
C
In the bar all alone

[Segunda Parte]

G
I grabbed my things and I left
Em
Took a taxi back home
C
Went to my room I went to bed
G
Wondering what I?d done wrong
C **G**
Maybe you saw me through the window

Em
As I was waiting for you
C
Maybe you thought I looked prettier in photo
G
So you ran as fast as you could

[Refrão]

D
Ten thousand calls later, still no reply
Em
I?ll convince myself you got lost somewhere
C
And you?ll soon arrive

You?ll soon arrive
D
When I know deep down you?re never gonna come
Em
And everyone?s staring at me
C
In the bar all alone

[Ponte]

D
And I don?t even know you but it still hurts somehow
Em
Imagine how you would?ve felt
C
If it was the other way around

[Refrão]

D
Ten thousand calls later, still no reply
Em
I?ll convince myself you got lost somewhere
C
And you?ll soon arrive

You?ll soon arrive
D
When I know deep down you?re never gonna come
Em
And everyone?s staring at me
C
In the bar all alone
