Abbey Glover - Please Dont Go

```
                              tom:
                    C

                 [Verso 1]

                    C
Is there something wrong with me?
       G                                  Am
'Cause I can't seem to keep anyone or anything, anyone or
anything
              C
Is it the way I walk? The way I talk?
     G
Or how I wish I could change the world?
        Am
Is it silly of me, is it silly of me to dream?

[Refrão]

       F        G           C
Oh, I try to make everyone happy
       F
But what about
G              Am
What about me?
        F          G
Is it too much to ask
         Am         C
Is it too much of a chore?
       F                   G              D
For someone to stick around unlike everyone before
                       C
Everyone before

[Verso 2]

                  C
Is it the way I dress?

My need to impress?
          G
Or how I'm clearly drenched in loneliness?
           Am
And I'm craving, craving something like this
        C
Do I feel too much?

Tell me, do I feel to much?
           G
Are you suffocating under my love?
         Am
I can't help it darling I can't help it with you
```

[Ponte]

                       Dm
I'm begging you don't go
                          F
I'm begging you please stay
          Am
Tell me what I've got to change
                               G
And I'll do it, I'll do it for you
                       Dm
I'm begging you please stay
                       F
I'm begging don't go
          Am
Tell me what I've got to change, what I've got to change
                      G
And I'll do it, I'll do it for you

I'll do anything for you
(Why is this happening to me)

[Refrão]

Everyone before
