Abbey Lincoln - She Believes in Me

Tom: G

Intro: G C Cm G

```
                 G
While she lays sleeping
                      G7              C
I stay out late at night and sing my songs
G  Am7              D7         D    Bm7
And sometimes all the nights can be so long
         Em7                          Am7
And it's good when I finally make it home
    D
All alone
      D7       G
While she lays dreaming
             G7                  C
I try to get undressed without the light
G       Am7    D7       D      Bm7
Then she quietly says how was your night
       Em7                         Am7
And I come to her and say it was all right -
D7             G       D
And I hold her tight
```

Chorus

```
         Gsus      G
And she believes in me
Gsus      G                   Gbm7
I'll never know just what she sees in me
  B7                       Em     Em7  Em
I told her someday if she was my girl
        Em7 Em    Em Em     Am7
I could change the world with my little songs
      Dsus
I was wrong
           Gsus    G
```

```
But she has faith in me
Gsus    G            Gbm7
And so I go on trying faithfully
B7                          Em
And who knows, maybe on some special night
Em7  Em7     Em
If my song is right
       Am7
I will find a way
D
Find a way
                G
While she lays waiting
                 G7          C
I stumble to the kitchen for a bite
G    Am7        D7        D  Bm7
Then I see my old guitar in the night
     Em7                          Am7
Just waiting for me like a secret friend
             D7sus4
And there's no end
      D7       G
While she lies crying
                G7       C
I fumble with a melody or two
G      Am7              D7     D          Bm7
Then I'm torn between the things that I should do
         Em7                              Am7       D7  G
Then she says to wake her up when I am through
                      D
God her love is true
```

Chorus

```
          G      C       Cm      G
While she waits, while she waits for me
```
