

Abby Powdledge - i still check your playlists

tom:
 Ab (forma dos acordes no tom de G)
 Capotraste na 1ª casa
 Intro: D

[Primeira Parte]

I still check your playlists, I've memorized 'em all

DM7
 The songs that you're deleting, the ones you're putting on

You never cared for lyrics, the opposite of me

You only hear the music, the chords and melody

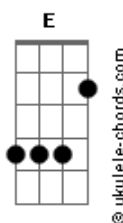

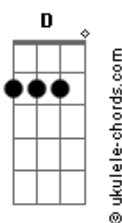

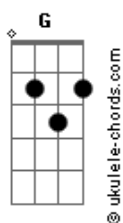

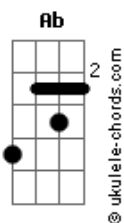

I still check your playlists a dangerous amount

You'll probably never notice I follow your account

[Segunda Parte]

I still check your playlists, you've added all my songs

Acordes

But you're not really listening, you only hum along
 I've spelt your name in secret, you only hear the noise
 You'll nev'r understand it, I'm screaming to the void
 I still ch?ck your playlists, in sickness and in health
 As if you're ever cryptic, as if you're meaning well

[Terceira Parte]

I still check your playlists at any chance I get
 When I know there's no message, it's better to pretend, mm
 And when you find a new girl, I hope she knows my name
 And when I come on shuffle, she begs you to explain
 I find it so ironic, I write 'em out to you
 And when she reads my lyrics, you'll say you never knew
