

# Acadêmicos de Niterói - Samba-Enredo 2026 - Do Alto do Mulungu Surge a Esperança: Lula, o Operário do Brasil

tom:

A

Eu vi brilhar a estrela de um país  
No choro de Luiz, a luz de Garanhuns  
Lugar onde a pobreza e o pranto  
Se dividem para tantos  
E a riqueza multiplica para alguns  
Me via nos olhares dos meus filhos  
Assombrados e vazios com o peito em pedaços  
Parti atrás do amor e dos meus sonhos  
Peguei os meus meninos pelos braços  
Brilhou um Sol da pátria incessante  
Pro destino retirante te levei Luiz Inácio  
Por ironia, treze noites, treze dias  
Me guiou Santa Luzia, São José alumiou  
Da esquerda de Deus Pai, da luta sindical  
À liderança mundial

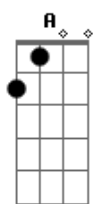

Vi a esperança crescer e o povo seguir sua voz  
Revolucionário é saber escolher os seus heróis  
Zuzu Angel, Henfil, Wladimir

Que pagaram o preço da raiva  
Nós ainda estamos aqui

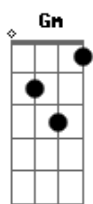

## Acordes

No Brasil de Rubens Paiva

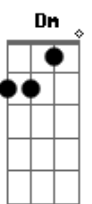

Lute pra vencer, aceite se perder  
Se o ideal valer, nunca desista  
Não é digno fugir, nem tão pouco permitir  
Leiloarem isso aqui, a prazo, à vista  
É, tem filho de pobre virando doutor  
Comida na mesa do trabalhador  
A fome tem pressa, Betinho dizia  
É, teu legado é o espelho das minhas lições  
Sem temer tarifas e sanções  
Assim que se firma a soberania  
Sem mitos falsos, sem anistia  
Quanto custa a fome, quanto importa a vida  
Nosso sobrenome é Brasil da Silva  
Vale uma nação, vale um grande enredo  
Em Niterói o amor venceu o medo  
Vale uma nação, vale um grande enredo  
Em Niterói o amor venceu o medo  
Olê, olê, olê, olá  
Vai passar nessa avenida mais um samba popular  
Olê, olê, olê, olá  
Lula, Lula
