

Adam Klobi - Dinner

tom:
Bb (forma dos acordes no tom de G)
Capostrate na 3ª casa

She took a long drive
She parked by the pines
She said she never cries
But there's a tear in her eye
And now the road's getting wide
She looks to the sky
She said she's doing fine
But she's dying inside
Mm, she said, from her head to her toes
I wish I was thinner
And I ate in the day
I guess I'll skip dinner
Now it's cold and I froze, maybe that's just winter
But if God only knows
Does that make me a sinner?
(Em D C Em)
Feeling the time

Passing you by (oh passing you by)

Were we young? Were we dumb?
Or were we just too blind?
And all those signs
We could not fight,(mmm)
Left us battered and broken and out of our mind (ooh, oh)
Mm, she said from her head (head) to her toes
I wish I was thinner (I wish, I wish, I wish)
And I ate (ate) in the day
I guess I'll skip dinner (oh, oh)
Now it's cold and I froze
Maybe that's just winter (oh)
But if God only knows
Does that make me a sinner?
Does that make me a sinner?
I don't think I know myself, I know I wanna try (ah)
I gotta pick up the pieces and leave it all behind
Don't think I love myself, I know I gotta try
I gotta pick up my pieces and leave it all behind (ah)
And leave it all behind
