

Adele - First Love

Tom: C	To doubt myself
F C7M	F C7M
So little to say	Simply, it's tiring
	(F C7M Em Am)
But so much time	
Em	Em
Despite my empty mouth	This love has dried up
Am	Am
The words are in my mind	And stayed behind
F	F
Please wear the face	And if I stay
C7M	C7M
The one where you smile	It'd be a lie
	Em
Because you	Then choke on words
Em	Am
Lighten up my heart	I'd always hide
Am	F
When I start to cry	Excuse me first love
	C7M
F	But we're through
Forgive me first love	Em
C7M	I need to taste the kiss
But I'm tired	Am
Em	From someone new
I need to get away	F
Am	Forgive me first love
To feel again	C7M
	But I'm too tired
F	Em
Try to understand why	I'm bored to say
C7M	
Don't get so close	
	The least and I
To change my mind	Am
Em	I lack desire
Please wipe that look	
	(F C7M Em Am)
Out of your eyes	Forgive me first love (4x)
	Forgive me
It's bribing me	Forgive me first love (2x)
Am
