

# Adele - First Love

Tom: **C**

**F**  
So little to say

But so much time

**Em**  
Despite my empty mouth

**Am**  
The words are in my mind

**F**  
Please wear the face

**C**  
The one where you smile

Because you

**Em**  
Lighten up my heart

**Am**  
When I start to cry

**F**  
Forgive me first love

**C**  
But I'm tired

**Em**  
I need to get away

**Am**  
To feel again

**F**  
Try to understand why

**C**  
Don't get so close

To change my mind

**Em**  
Please wipe that look

Out of your eyes

It's bribing me  
**Am**

To doubt myself

**F** **C**  
Simply, it's tiring

( **F** **C** **Em** **Am** )

**Em**  
This love has dried up

**Am**  
And stayed behind

**F**  
And if I stay

**C**  
It'd be a lie

**Em**  
Then choke on words

**Am**  
I'd always hide

**F**  
Excuse me first love

**C**  
But we're through

**Em**  
I need to taste the kiss

**Am**  
From someone new

**F**  
Forgive me first love

**C**  
But I'm too tired

**Em**  
I'm bored to say

The least and I

**Am**  
I lack desire

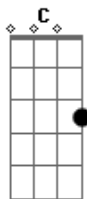

( **F** **C** **Em** **Am** )

Forgive me first love (4x)

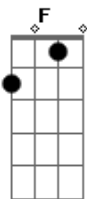

Forgive me

Forgive me first love (2x)
