

Adele - I Found a Boy

Tom: **A**

I thought **A** I told you, he'd be home **E** soon
 Couldn't help myself, you're too good to be true. **E**
 I fall short each time, every time he ain't here, **E**
 You and your charm creep closer, closer in here. **E**
 Like a fool for fire **Gbm** I fall, with my pride and all. **D**

Like a bomb before explosion, **B7**
 Ticking by your call. **E**
 You're the wiser one, disguised from greed, **E**
 And I'm just a child who belongs on her knees. **E**

D But I found a boy who I love more, **Db**
Gbm Than I ever did you before,
D So stand beside the river I cried, **Db**
Gbm And let yourself down. **D** **Bm**

Look how you want me now that I don't need you. **A** **E**
 So, you thought that I would crumble to my knees **E**
 At the first sight of you, crawling back to me **Gbm** **D**
E **Gbm**

To whisper 'will you leave your man?'

Cause you swore **D** that this time you can stand by me. **E** **A**
 I won't stand by you. **E**

D But I found a boy who I love more, **Db**
Gbm Than I ever did you before,
D So stand beside the river I cried, **Db**
Gbm And let yourself down. **D** **Bm**

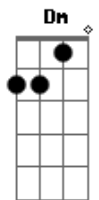

Look how you want me now that I don't need you. **F**
 I ain't yours for no taking, **Dm**
 You must be mistaken **E**

I could never look in your eyes, and settle for wrong **A**
 And ignore the right

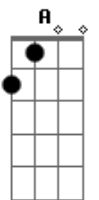

D But I found a boy who loves me more, **Db**
Gbm Than you ever did before,
D So stand beside the river you'll cry, **Db**
Gbm And let yourself down. **D** **Bm**

Look how you want me now that I don't need you. **A** **E** **A**
 (**Dm**)
