

## Adele - I Miss You

```
Tom: Bb
Intro: Dm Gm7 Gm Bb Cm7
                                                                Baby don't let the lights go down (lights go down)
       Gm
                                                                Baby don't let the lights go down (lights go down)
I want every single piece of you
                                                                 Baby don't let the lights go down, lights go down
            Bb
I want your heaven and your oceans, too
                                                                Lights go down, lights go down, lights go down, down, down...
Cm7
Treat me soft and touch me cool
Teach you things you never do, oh baby
                                                                 I miss you when the lights go out
                                                                     Bb
                                                                It illuminates all of my doubts
Ain't no stop to my needs
                                                                Cm7
      Bb
Let me fall into your gravity
                                                                Pull me in, hold me tight
    Cm7
                                                                Don't let go, baby give me light
And kiss me back to life to see
                                                                  Gm
Your body standing over me
                                                                 I miss you when the lights go out
                                                                     Bh
                                                                 It illuminates all of my doubts
Baby don't let the lights go down (lights go down)
                                                                Pull me in, hold me tight
Baby don't let the lights go down (lights go down)
                                                                Don't let go, baby give me light
                             Cm7
Baby don't let the lights go down, lights go down
                                                                 F<sub>b</sub>7
                                                                                     Dm
Lights go down, lights go down, lights go down, down, down...
                                                                 We place all love into the dark
                                                                F<sub>b</sub>7
                                                                                            Dm
                                                                 Cause we are living worlds apart
I miss you when the lights go out
                                                                 F<sub>b</sub>7
                                                                                        Dm F
    Bb
                                                                It only makes it harder ba-by
It illuminates all of my doubts
                                                                                  Eb7
                                                                 It only makes it harder baby
Cm7
Pull me in, hold me tight
                                                                              Dm
                                                                Harder baby, harder baby, harder baby
Don't let go, baby give me light
I miss you when the lights go out
                                                                I miss you when the lights go out
    Bb
It illuminates all of my doubts
                                                                     Bh
                                                                It illuminates all of my doubts
Cm7
Pull me in, hold me tight
                                                                 Cm7
                                                                Pull me in, hold me tight
Don't let go, baby give me light
                                                                Don't let go, baby give me light
                                                                  Gm
I love the way your body moves
                                                                 I miss you when the lights go out
                                                                      Bb
  Bb
                                                                 It illuminates all of my doubts
Towards me from across the room
                                                                Cm7
Cm7
                                                                Pull me in, hold me tight
Brushing past my every groove
No one has me like you do
                                                                Don't let go, baby give me light
In your heart I bring my soul
                                                                             Bh
                                                                I miss you, I miss you
         Bb
But be delicate with my ego
                                                                  Cm7
        Cm7
                                                                 I miss you, I miss you
I wanna step into your great unknown
                                                                             Bb
With you and me setting the tone
                                                                I miss you, I miss you
                                                                  Cm7
                                                                I miss you, I miss you...
```
