

Adore Delano - I Can't Love You

Tom: **C**

Am
Baby, you're a work of art
F
A shooting star
C
Lighting up the darkness
G
So lucky that we found this, yeah
Am
You know you've got me losing sleep
F **C**
I can't believe the beauty of this moment
G
It's all I've ever wanted
G
But I can't love you

Am
I can't love you today
F
I can't love you tomorrow
C
I can't love you anyway
G
I can't love you anyhow
G
I can't love you, love you

Am
I love the way you touch my lips
F
You live to kiss
C
The freckles on my shoulder
G
So I can pull you closer, yeah
Am **F**
Some people search all their lives for what we've got
C
A fairytale in motion
G
With hearts deep as the ocean

G
But I can't love you
Am
I can't love you today
F
I can't love you tomorrow
C
I can't love you anyway
G
I can't love you anyhow
G
I can't love you, love you
Am
I can't love you, love you
F
I can't love you, love you
C
Wrote a chapter full of us
G
Just to burn it up
Am
I can't love you, love you
F
I can't love you, love you
C
Tied to bed with bright green eyes
G
Just to come undone
G
But I can't love you

Am
I can't love you today
F
I can't love you tomorrow
C
I can't love you anyway
G
I can't love you anyhow
G
I can't love you, love you
