	D	tom:	Set the oven to 350 degrees
			And together forever we will always be G7M A7
			Baked with love D7M
You can't make ice cream	D7M		(Baked with love)
Without mixing cream and ice			Like the cold and the warm
You can't make Em gingersnaps			When they join, makes a storm Em
Without mixing sugar and spice			(Baked with love)
You can't make G7M cinnamon rolls			Just like cake needs to rise
Without kneading the dough			If you look in my eyes G7M
And I can't let you go A7			You'll see the recipe is true A7
'Cause I need you so			The key ingredient is you! D7M
And so I'm gonna put you into a blender with me D7M
