

# Adventure Time - Baked with Love

	D	tom:	Set the oven to 350 degrees
			And together forever we will always be <span style="color: red;">G7M</span> <span style="color: red;">A7</span>
			Baked with love <span style="color: red;">D7M</span>
You can't make ice cream	<span style="color: red;">D7M</span>		(Baked with love)
Without mixing cream and ice			Like the cold and the warm
You can't make <span style="color: red;">Em</span> gingersnaps			When they join, makes a storm <span style="color: red;">Em</span>
Without mixing sugar and spice			(Baked with love)
You can't make <span style="color: red;">G7M</span> cinnamon rolls			Just like cake needs to rise
Without kneading the dough			If you look in my eyes <span style="color: red;">G7M</span>
And I can't let you go <span style="color: red;">A7</span>			You'll see the recipe is true <span style="color: red;">A7</span>
'Cause I need you so			The key ingredient is you! <span style="color: red;">D7M</span>
And so I'm gonna put you into a blender with me <span style="color: red;">D7M</span>			
	<span style="color: red;">Em</span>		

## Acordes
