You can't make ice cream D

Without mixing cream and ice Em

You can't make gingersnaps G

Without mixing sugar and spice A7

You can't make cinnamon rolls D

Without kneading the dough Em

And I can't let you go

'Cause I need you so

And so I'm gonna put you into a blender with me

Set the oven to 350 degrees G A7

And together forever we will always be D

Baked with love

(Baked with love)

Like the cold and the warm Em

When they join, makes a storm

(Baked with love)
