

# Adventure Time - Everything Stays

Tom: **G**

Let's go in the garden **G** **C**  
 You'll find something waiting **G** **B7**  
 Right there where you left it **Em** **C**  
 Lying upside down **G** **D**  
 When you finally find it **G** **C**  
 You'll see how it's faded **G** **B7**  
 The underside is lighter **Em** **C**  
 When you turn it around **G** **D**

Everything stays **C**  
 Right where you've left it **Em**  
 Everything stays **D**  
 But it still changes **B7** **C**  
 Ever so slightly **C**  
 Daily and nightly **Cm** **G**  
 In little ways **D**  
**B7** **Em**

When everything stays

**G** **C**  
 Go down to the ocean  
**G** **B7**  
 The cristal tide is rising  
**Em** **C**  
 The waters gotten higher  
**G** **D**  
 As the shore washes out  
**G** **C**  
 Keep your eyes wide open  
**G** **B7**  
 Even when the sun is blazing  
**Em** **C**  
 The moon controls the tide  
**G** **D**  
 It could cause you to drown

Everything stays **C**  
 Right where you've left it **Em**  
 Everything stays **D**  
 But it still changes **B7** **C**  
 Ever so slightly **C**  
 Daily and nightly **Cm** **G**  
 In little ways **D**  
 When everything stays **B7** **Em**
