Intro: Em A
             Em A
            n
Hey give my heart a break
You say it's you that loves me more
And then you kick and slam your door.
Hey while you're on your way
I want to thank you for the ride
And pull the thorn out of my side
And call me your baby
I kissed away the tears you cried
And then you go and leave me
Pissed off and alone
It's all about your sweet thing
Or maybe it's the devil in your eyes
                                C Db D
                            В
Yeah, what it takes to make this love survive
Another last goodbye
Another last goodbye
(essa parte repetem-se os mesmos acordes)
You crash and burn
 with the pages turned
 in your black book full of names
 and then you throw your frozen heart
 out in somebody else's flames
and it's a low down dirty, dirty shame. don't let this love slip through the tracks
 i miss your claw marks on my back
```
